

**Kentucky Agricultural Council:  
Agri-Energy Development Committee**  
“Pathway for Kentucky’s Agriculture & Its Rural Communities:  
2007 to 2012 Strategic Plan”

Location: Room 129, Capitol Annex, Frankfort, Ky.  
Monday, March 30, 2009  
1:00 – 4:00 PM

1. Welcome & Introductions
2. Update on current programs
  - a. Frank Moore – Director of Biofuels Development, KY Energy and Environment Cabinet
  - b. Tom Keene – Hay Specialist, UK College of Agriculture Plant & Soil Sciences
  - c. Scott Shearer – Extension Specialist, UK Biosystems & Ag Engineering
3. Review of Agri-Energy Development component of Strategic Plan
4. Discussion regarding Goal 1: Develop a successful renewable energy industry in Kentucky, utilizing Kentucky’s agricultural resources
5. Discussion regarding Goal 2: Improve the utilization of byproducts generated through various agricultural and renewable energy production practices. Additional energy saving efficiencies should also be identified at the farm level.
6. Discussion regarding Goal 3: Increase access for farmers, consumers and institutional users to a supply of affordable renewable energy throughout the Commonwealth. Farmers should set the example by using biofuels in agriculture production and promoting the use of biofuels.
7. New issues for inclusion

Adjourn
